Kishanganga Hydroelectric Project is located on which river?

- (a) Ganga
- (b) Chenab
- (c) Neelum River
- (d) Ravi

**Ans :C**

• Located in **Jammu & Kashmir**.

Built on the Kishanganga River, a tributary of the **Jhelum**.

Frequently in news due to issues related to the **Indus Waters Treaty**.

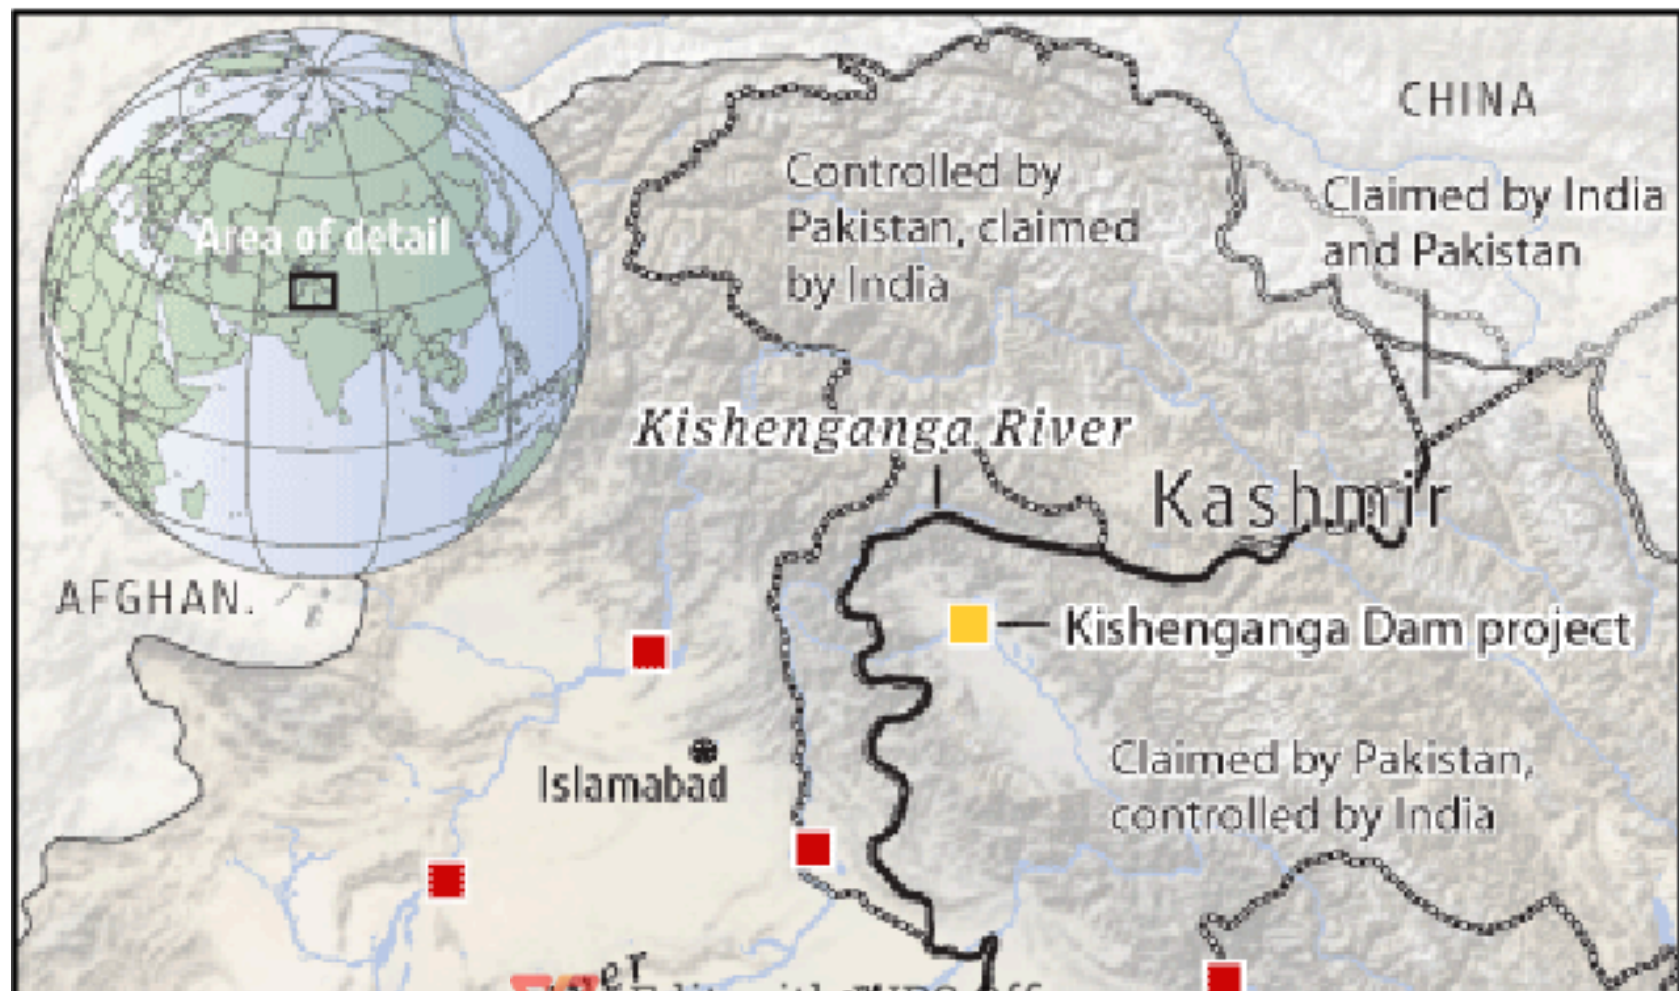

Edit with WPS Office

INDOLOGU

S

Which one of the following hydroelectric projects is NOT located on the Chenab River?

- (a) Baglihar
- (b) Salal
- (c) Sawalkote
- (d) Uri-I

**Ans :D**

 Uri-I is on the **Jhelum River**.

**Baglihar, Salal, and Sawalkote** are all associated with the Chenab River.

**Ancient Name:** Asikni (Rigvedic name)

 Origin: Formed by the confluence of:  
Chandra River  
Bhaga River  
at Tandi in **Lahaul**.

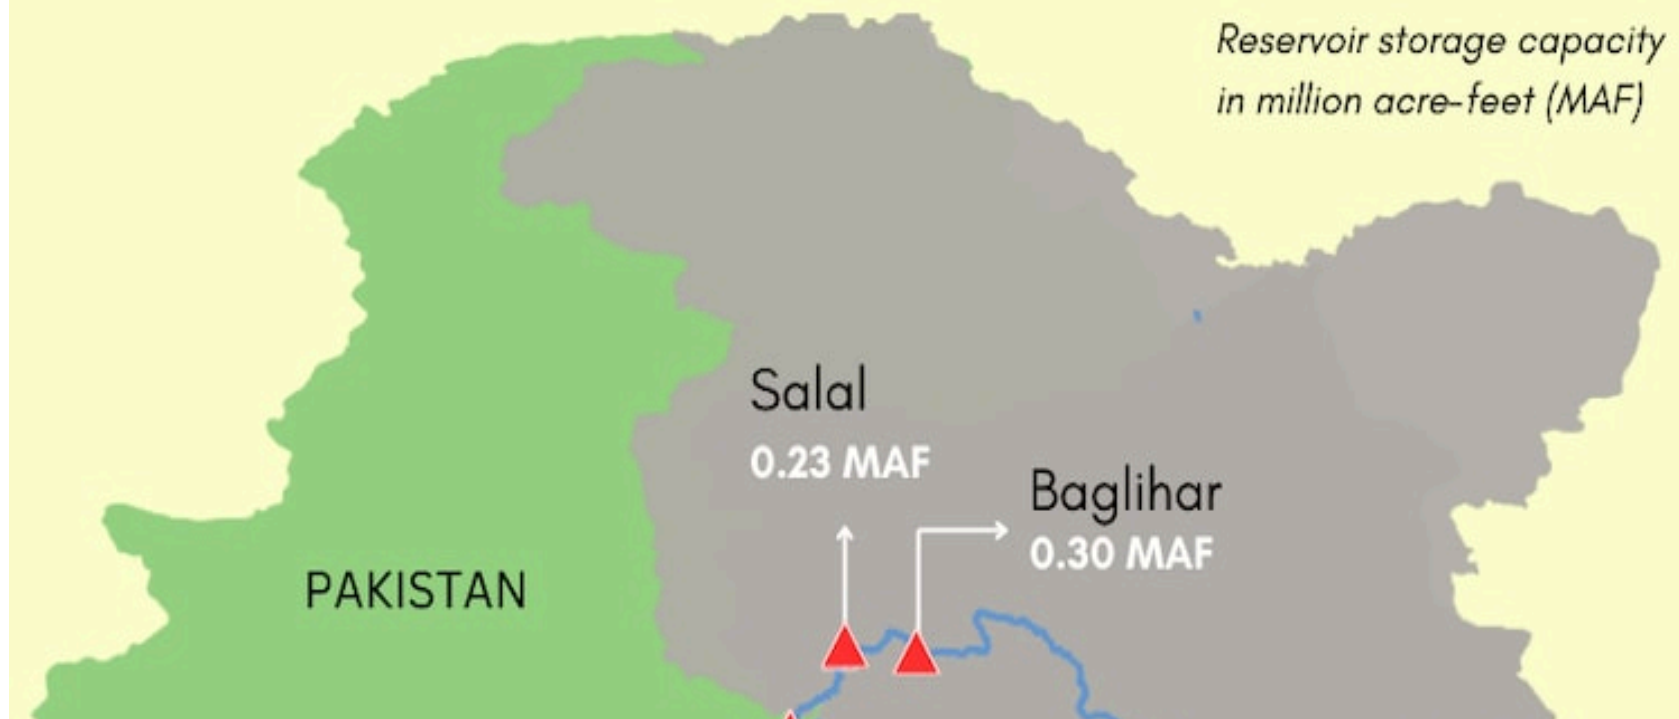

Edit with WPS Office

## Key Dams on Chenab River

*Reservoir storage capacity  
in million acre-feet (MAF)*

Which one of the following projects is associated with the Jhelum River but is NOT a hydroelectric project?

- (a) Uri-I Project
- (b) Kishanganga Project
- (c) Tulbul Navigation Project
- (d) Lower Jhelum Project

**Ans :C**

 • Located on the Jhelum River near **Wular**

 Intended to regulate water flow in the river.

 Its primary objective is navigation, not electricity generation.

Which dam on the Sutlej River is one of the highest gravity dams in the world?

- (a) Pong Dam
- (b) Bhakra Dam
- (c) Tehri Dam
- (d) Ranjit Sagar Dam

**Ans :B**

 **River:** Sutlej

**State:** Himachal Pradesh

**Reservoir:** Gobind Sagar

**Project:** Bhakra-Nangal Project

**Type:** Concrete Gravity Dam

**Height:** Approximately 226 m

**Other dams:** Nathpa Jhakri Hydroelectric Project,  
Rampur Hydroelectric Project, Kol Dam,  
Sunni Dam

Edit with WPS Office

Pong Dam, one of the major multipurpose river valley projects in North India, is built on which river?

- (a) Beas
- (b) Sutlej
- (c) Ravi
- (d) Chenab

**Ans :A**

 Located in **Himachal Pradesh**.

 Also known as **Maharana Pratap Sagar Dam**.

 Creates the **Maharana Pratap Sagar Reservoir**, a famous wetland and bird habitat.

Edit with WPS Office

Which dam is built at the confluence region of Bhagirathi and Bhilangana rivers?

- (a) Pong
- (b) Tehri
- (c) Hirakud
- (d) Gandhi Sagar

**Ans :B**

 **River:** Bhagirathi

**State:** Uttarakhand

**Type:** Earth and rock-fill dam

**Claim to fame:** Highest dam in India

**Reservoir:** Tehri Reservoir

Mahi Bajaj Sagar Dam is built on which of the following rivers?

- (a) Sabarmati
- (b) Tapi
- (c) Mahi
- (d) Narmada

**Ans :C**

 **Origin:** Vindhya Range, Madhya Pradesh

**Flows Through:** Madhya Pradesh Rajasthan → Gujarat

**Drains Into:** Gulf of Khambhat (Arabian Sea)

**Special Fact:** One of the few Indian rivers that crosses the Tropic of Cancer twice.

Gandhi Sagar Dam is a part of which river valley project?

- (a) Chambal Valley Project
- (b) Damodar Valley Project
- (c) Narmada Valley Project
- (d) Mahanadi Project

**Ans :A**

 **Gandhi Sagar Dam** is the first (upstream-most) dam of the Chambal Valley Project, built on the Chambal River in Madhya Pradesh.

**River:** Chambal

**State:** Madhya Pradesh (near Rajasthan border)

**Purpose:** Irrigation, hydroelectric power generation, and flood control

Edit with WPS Office

Which dam creates the largest artificial lake in Madhya Pradesh?

- (a) Bargi
- (b) Gandhi Sagar
- (c) Tawa
- (d) Bansagar

**Ans :B**

 **River:** Chambal

**State:** Madhya Pradesh

Gandhi Sagar Dam on the Chambal River creates the Gandhi Sagar Reservoir

**Project:** Chambal Valley Project

**Significance:** One of the largest reservoirs in central India.

Which dam is proposed as the main storage structure under the Ken-Betwa Link Project?

- (a) Bansagar Dam
- (b) Rajghat Dam
- (c) Daudhan Dam
- (d) Matatila Dam

**Ans :C**

 The **Daudhan Dam** is the main storage dam proposed under the **Ken-Betwa Link Project**.

•**River:** Ken River.

**Location:** Madhya Pradesh (near the Panna region)

**Purpose:** Store water from the Ken River and transfer surplus water to the Betwa basin.

It is the centerpiece of India's first major river interlinking project.

S

Lower Orr Dam is constructed on which river?

- (a) Orr River
- (b) Ken River
- (c) Betwa River
- (d) Dhasan River

**Ans :A**

 **Lower Orr Dam** is constructed on the Orr River in **Madhya Pradesh**.

It is primarily an irrigation project and is important in the Bundelkhand region.

**River:** Orr River

**State:** Madhya Pradesh

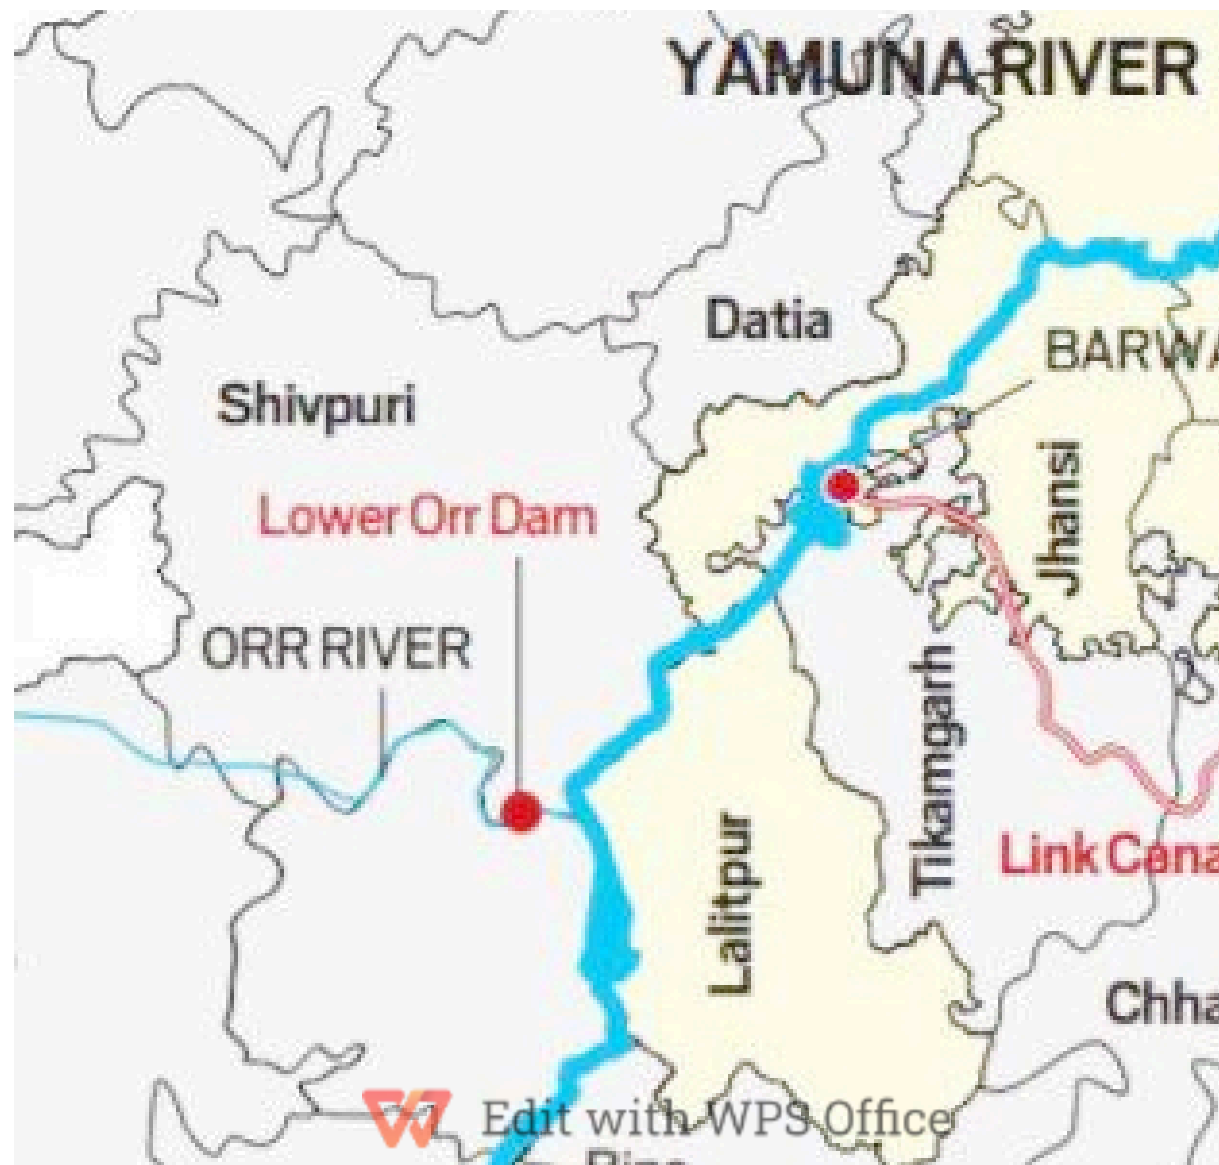

**Region:** Bundelkhand

**Purpose:** Irrigation and water resource development

Edit with WPS Office

Which dam is shared by Madhya Pradesh, Uttar Pradesh and Bihar?

- (a) Bargi
- (b) Bansagar
- (c) Indira Sagar
- (d) Tawa

**Ans :B**

 **River:** Son (Sone) River

**Location:** Shahdol district, Madhya Pradesh

**Named After:** Raja Bana (a legendary ruler)

**Purpose:** Irrigation and hydroelectric power generation

Which of the following dams is also known as the Rani Avanti Bai Lodhi Sagar Project?

- (a) Indira Sagar Dam
- (b) Bargi Dam
- (c) Bansagar Dam
- (d) Tawa Dam

**Ans :B**

 Bargi Dam is built on the **Narmada River**.

Located near **Jabalpur, Madhya Pradesh**.

The reservoir is officially known as **Rani Avanti Bai Lodhi Sagar Project**.

Indira Sagar Dam and Omkareshwar Dam are built on the same river.  
Which river is it?

- (a) Tapi
- (b) Godavari
- (c) Krishna
- (d) Narmada

**Ans :D**

• Both Indira Sagar Dam and Omkareshwar Dam are built on the **Narmada River** in **Madhya Pradesh** and are important components of the Narmada Valley Development Project.

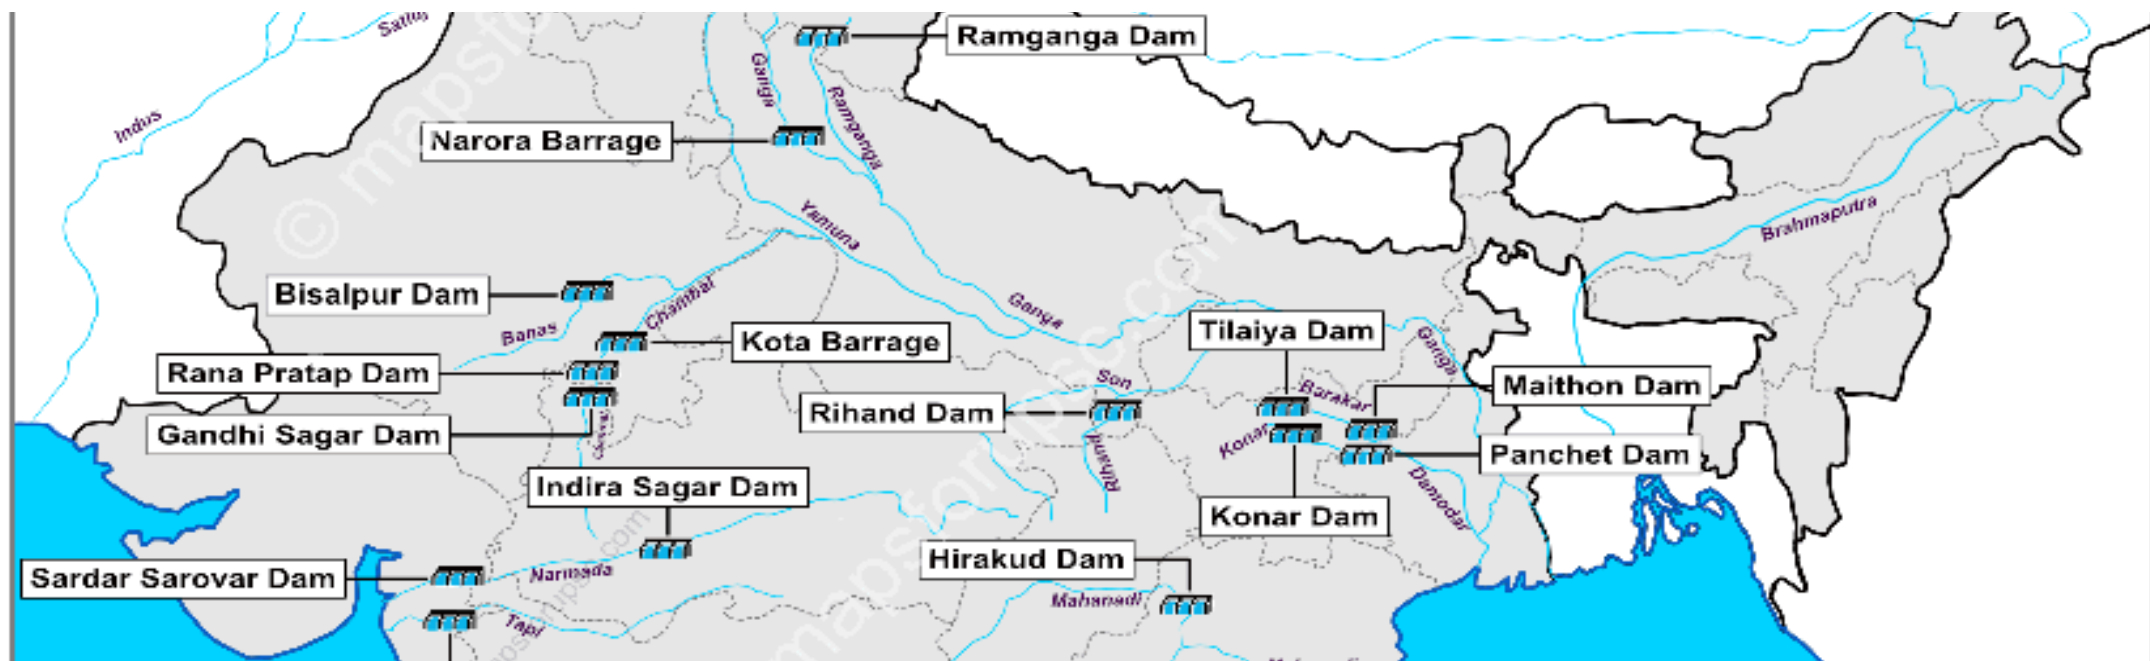

Narmada River Dams (Upstream → Downstream)

1. Bargi Dam
2. Indira Sagar Dam
3. Omkareshwar Dam
4. Maheshwar Dam

The Chungthang Hydroelectric Project (Teesta Stage-III), which was in the news after the 2023 Glacial Lake Outburst Flood (GLOF), is built on which river?

- (a) Rangit
- (b) Teesta
- (c) Subansiri
- (d) Lohit

**Ans :C**

 Located near **Chungthang in Sikkim.**

Associated with the Teesta Stage-III  
Hydroelectric Project.

Dam infrastructure suffered severe damage  
during the 2023 South Lhonak Lake GLOF.

Idukki Dam in Kerala is famous for being a double-curvature arch dam, making it one of the most distinctive dams in India.

- A. Periyar River
- B. Mahi River
- C. Bhavini River
- D. Kaveri River

**Ans :A**

 **River:** Periyar River system  
State: Kerala

**Type:** Double-curvature Arch Dam  
Situating between two granite hills:  
Kuravan and Kurathi.

Forms part of the **Idukki Hydroelectric Project**, one of Kerala's major power sources.
